INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees of
Humanitarian African Relief Organization

We have audited the accompanying financial statements of Humanitarian African Relief Organization (a nonprofit organization), which comprise the statement of financial position as of December 31, 2016, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Humanitarian African Relief Organization as of December 31, 2016, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

NOTE 1. NATURE OF OPERATIONS AND BASIS OF PRESENTATION

Nature of Operations

Humanitarian African Relief Organization (the Organization) was incorporated in 2007 to empower the needy and the indignant to make informed and healthy choices to counter the social and economic problems epidemic in parts of East Africa, by presenting helpful awareness, effective education, and assistance in the form of food, shelter and medicine.

Basis of Presentation

The accompanying financial statements of the organization have been prepared in conformity with the U.S. Generally accepted accounting principles for not-for-profit organizations. Under these accepted principles, net assets and revenue, expenses, gains and losses are classified on the existence or absence of donor-imposed restrictions.

Accordingly, the Organization's net assets are classified into three categories: unrestricted, temporarily restricted and permanently restricted. All net assets are considered to be available for unrestricted use unless specifically restricted by the donor or by law. Temporarily restricted net assets include contributions with temporary, donor-imposed time, or purpose restrictions. Temporarily restricted net assets become unrestricted and are reported in the consolidated statements of activities when net assets are released from restrictions, when the time restrictions expire, or the contributions are used for their restricted purpose. Permanently Restricted Net Assets – This classification includes contributions with donor-imposed restrictions requiring resources to be maintained in perpetuity.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles of accounting requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash and Cash Equivalents

The Organization considers temporary cash investments with original maturities of less than 90 days to be cash equivalents.

Property and Equipment

Property and equipment acquisition with a life of one year or more and cost over \$500 per unit are capitalized and stated at cost. Donated assets are recorded at fair value as of the date of donation. Donated assets are reported as increases in net assets without donor restrictions unless the donor has restricted donated assets for a specific purpose. Major additions and improvements are capitalized, while maintenance and repairs are expensed, as incurred. When assets are sold or otherwise disposed of, the related costs and accumulated depreciation are removed from the accounts. Any gain or loss arising from such disposition is included as income or expense in the year of disposition. Depreciation is computed on a straight-line basis over the estimated useful lives of the respective assets.

The estimated lives for computed depreciation on property and equipment are:

<u>Classification</u>	<u>Year</u>
Leasehold Improvements	15-39
Furniture and equipment	5-15

Long-Lived Asset Impairment

The Organization evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long lived asset exceeds its fair value. No asset impairment was recognized during the year ended December 31, 2016.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Support and Revenue

Contributions are recorded as received. All contributions are available for unrestricted use unless specifically restricted by the donor. When a restriction expires, temporarily restricted net assets are reclassified from restrictions. Donor restricted contributions for which the restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying financial statements.

Donations of property and equipment are recorded as support at their estimated fair value at the date of donation. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions.

Donated Materials and Services

Donated noncash assets are recorded as contributions at their fair values on the date of donation. No donated materials were recorded for the year ended December 31, 2016.

Donated services are recognized as contributions if the services create or enhance nonfinancial assets or require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Organization. Volunteers provided various services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria were not met.

Functional Expense Allocation

The Organization allocates its expenses on a functional basis among its program and supporting services. Expenses that can be identified with a specific program or supporting service are allocated directly according to their natural expenditure classification. Other expenses that are common to several functions are allocated by various statistical bases.

Advertising

The Organization expenses advertising expense as incurred.
